Journal Entry No. 2

January of 2003

## NEW ADDRESS!!

**Jed & Lisa Johnston**

743 County Rd. 43

Bailey, CO 80421

jednlisa@hotmail.com

(303) 838-2365

## Quick Notes and Prayer Request:

- \* Please note above our new address and phone number. We would love to hear from you!
- \* Pray for wisdom as we begin our new ministries. We want God's vision and desire to come from our work for Him.
- \* Lisa would like prayer also as she learns to cook for large groups!
- \* As some may know Colorado is in a severe drought. We need rain and snow this spring desperately in order to supply the 3500+ campers with camp this summer.
- \* We praise God for our first year together, but we ask that you pray for our marriage as we enter the ministry. Satan would love nothing more than to ruin our home.
- \* We would also like prayer that the home we were renting would rent out soon. This would help our friend Todd who was renting to us.

# Celebrate & Rejoice!!!

Dear Friends and Family,

January has brought much celebrating for us. To start, Lisa and I were able to celebrate our first anniversary! We continually thank God for each other. We have come to realize in this first year, after adjustments and bringing two personalities together, how crucial it is to keep the Lord at the center of our marriage! We look forward to many more years together.

The other cause for celebration is that on February 1st we will be moving up to camp! It is so exciting to see God take the desire He has given us and turn it into reality. The reason for this early arrival is that

temporary housing opened up for us on camp. This will allow us to begin fulltime in the camp work as we continue to raise our support. This will also mean that for the time being Lisa will be a fulltime cook at camp as well. With her cooking for groups 30-150 people it looks like I may be eating leftovers for some time! (= We are both very excited and can hardly wait to begin. Thank you ALL for your prayers and gifts.

A sad note to our move up to camp is that our dog Dixie can not go with us because we will be on camp property. This is due to insurance reasons. The goodbye was hard for us. She had become part of our little family. God is good

though and allowed us to find her a good new

**"Delight thyself in the Lord; and He shall give thee the desire of thine heart. Psm 37:4"**

home! Now we face the fun task of moving from one house to another. These times are exciting and create many memories. We look forward to sharing next month with you all about our new journey to camp!

Serving Christ,

*Jed & Lisa*

## Progress Towards Camp!

As we head up to camp our monthly support continues up to 20%. We praise God for this and thank you for your prayers in this matter. Because we are in temporary camp housing at this time they are still asking us to raise our support

for housing off camp. Being at camp will allow us more flexibility to meet with people and churches and to share with them the ministry we are involved in!

### Support Progress
