Quick Notes and Prayer Request:

- * Please note above our web site that we have put together!
- * Pray for wisdom as we continue to grow in our new ministries.
- * If you know any **college age** young people who want to serve Christ and work with youth we need counselors for this summer! They can get an application at idrahaje.org.
- * Right now we are trying out a church near by. It can be difficult to feel like you belong in a new setting sometimes. Please pray we can find a class our bible study to go and fellowship with couples our age.
- * Continue to pray for a wet spring! They say fires could be bad this summer. We need wisdom as we prepare for this summer.

Settling Into Things...

Dear Friends and Family,

There is so much to share this letter and not enough room to tell it all! First of all, Lisa and I have settled into our new little home very well. Lisa has done so much to make it a cozy place to be. Because we are in a basement we don't get any TV channels. This has been a blessing in disguise as we have learned to read again and play board games! We really do enjoy our new place and consider it a real blessing.

Lisa has been training with the other cooks here at camp and has enjoyed their company and expertise! They trained her so well that she is now able to cook solo. She is really enjoying her position as cook and does a great job. Next month she will be really busy with mountain lab schools coming which will mean long hours! She would

love your prayers in this area.

I have been busy trying to figure out where things are filed, how to go about different tasks, and getting ready to contact churches! It has been rather busy, but the staff here have been so patient in showing me things and answering all my questions. I have also been studying to get my CDL! This will enable me to drive the camp bus during the summer. Learning new things is so exciting!

We now have a web page that will allow you to **see** what is happening in our lives and with our ministry! The site is mountaintoptimes.com. We would love for you to check it out and let us know if there is something you would like to see on our site.

Lisa and I feel so privileged to be a part of camp. Our days

begin with a staff devotion and prayer time.

It really encourages us to be involved in a ministry that

Your prayers for snow have brought several feet to our area! Thank you and please continue to pray!!!

puts such an emphasis on starting each day focused on Christ. Both Lisa and I look forward to seeing how the Lord will work in and through us and each one of you as we continue in this ministry. Without your prayers and support we could not be serving where we are. Thank you for your part!

In His Service,

Jed & Lisa

Support Update...

We have been so blessed to see the Lord supply. It is so awesome to see His hand at work in our lives and in the ministry here at camp. Our support for off camp housing and living remains at 20%. We are confident the Lord will supply for our

needs in His time. If any of you would like to know more about our ministry or how you could be involved in supporting us you can e-mail me and I would love to call you and answer any questions you may have. We are young in ministry

and raising support is very new to us, please keep us in your prayers. Lisa and I also have prayer cards for those who would like to be active prayer warriors for us! Without prayer we would not be able to do our work to His glory.
